

Colombo & 1953

Designer: Lorenzo Bini
Year: 2023

In these consoles designed by Lorenzo Bini, modern and contemporary works are captured by a marble slab in an irregularly shaped plane. A few details are enough, and the designs already defined in the lines traced by Jean Arp and Gianni Colombo take on a new expression. Three legs, created through the juxtaposition of four slightly offset strips of the same marble, support the tops and are a great homage to the art of these artists.
